

COMMUNITY USE OF FACILITIES

The RSU 19 Board of Directors recognize that school facilities are the property of all of the taxpayers. In order to obtain maximum use of these facilities for recognized public functions and to further goodwill, these facilities will be made available to organized groups subject to availability. Use of district facilities is subject to the regulations established by the Board of Directors and of the Building Use Agreement Forms.

The Superintendent will establish a schedule of fees and submit them to the Board for review as needed.
